your interesting letter of May 1st is rec'd. and enjoyed.

I am very sorry for Ed. Hauss. I fear he is overworried. Why not try to induce him to take a long vacation during the dull time of business. The coming winter may see great activity again in his line. The March business was, to me, far better than I expected.

Many thanks for your kind attention to Copper Ranger and other matters of mine. Yes, my esteemed and friendly expert in Coppers, like other Bostonians including Lawson, was a mere league or two out of his bearings; still, the price did advance and let's say "he did it"!

You and your family are keeping well I trust, to you all, I sent kindest greetings. The growth in buildings here since Louise's time is great.

Very sincerely yours

Charles L. Freer

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities. Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
