I have informed the change of my itinerary to Ed in Seoul. I am surely hoping that Ed has gather^[[ed]] all or most of individual proposals together by this time.

As Mr. Park of Korean Embassy speculated the Ministry of Foreign Affairs has been waiting an official letter from Smithsonian Institution for my Korean mission, since I put down my purpose of visit as an official trip as a consultant to Smithsonian Institution for the DMZ project. Mr. Park told me that he will probably tell Korean ambassador about this matter in order to get "OK" from Korea quickly. I hope you will talk to officials in Korean embassy (possibly with Mr. Kim, Korean ambassador) the importance and urgency of my trip. You may even consider to send a telegram to Minister of Korean foreign affairs on this matter. I am surely hoping that I will be leaving on Jan. 2, as I re-scheduled.

Thanks for your help.

With my best wishes.

Sincerely,

Ke Chung Kim
