Dear Dr. Buechner:

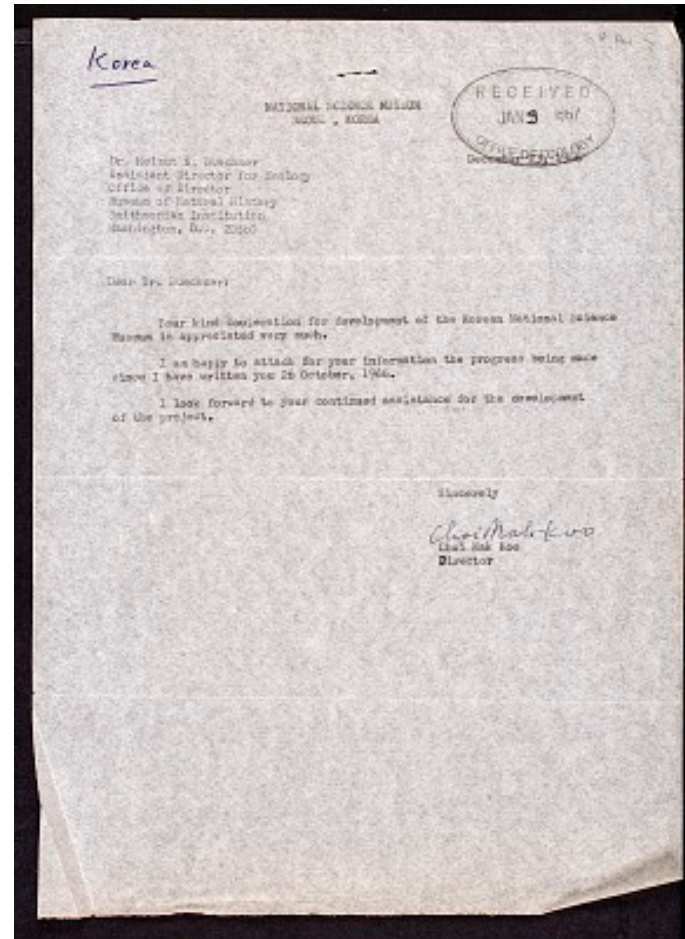

Your kind cooperation for development of the Korean National Science Museum is appreciated very much.

I am happy to attach for your information the progress being made since I have written you 26 October, 1966.

I look forward to your continued assistance for the development of the project.

Sincerely

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities. Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
