The Smithsonian Institution thanks all digital volunteers that transcribed and reviewed this material. Your work enriches Smithsonian collections, making them available to anyone with an interest in using them.

The Smithsonian Institution (the "Smithsonian") provides the content on this website (transcription.si.edu), other Smithsonian websites, and third-party sites on which it maintains a presence ("SI Websites") in support of its mission for the "increase and diffusion of knowledge." The Smithsonian invites visitors to use its online content for personal, educational and other non-commercial purposes. By using this website, you accept and agree to abide by the following terms.

- If sharing the material in personal and educational contexts, please cite the Smithsonian Institution Archives as source of the content and the project title as provided at the top of the document. Include the accession number or collection name; when possible, link to the Smithsonian Institution Archives website.
- If you wish to use this material in a for-profit publication, exhibition, or online project, please contact Smithsonian Institution Archives or transcribe@si.edu

For more information on this project and related material, contact the Smithsonian Institution Archives. See this project and other collections in the Smithsonian Transcription Center.

Selected Bibliography - (Co-Principal Investigator is author of over 70 technical and professional articles) . 1944. The range vegetation of Kerr County, Texas, in relation to livestock and white-tailed deer. Amer. Midl. Nat., 31: 697-743. . 1950 Life history, ecology and range use of the pronghorn in Trans-Pecos Texas. Amer. Midl. Nat., 43:357-354. (Received George Mercer Award of the Ecological Society of America). Swanson, Carl V. 1953. Increased natality resulting from lowered population density among elk in southeastern Washington. Trans. N. Amer. Wildlife Conf. 20:560-567. 1960 The bighorn sheep in the United States, its past, present, and future. Wildlife Monographs No. 4. 174 pp. (Award of the Wildlife Society for best publication in terrestrial ecology in 1960.) 1961. Regulation of numbers of pronghorn antelope in relation to land use. La Terre et la Vie, 2:266-285. Dawkins, H.C. 1961. Vegetation change induced by elephants and fire in Murchison Falls National Park, Uganda. Ecology, 42(4): 752-766 1961. Territorial behavior in Uganda kob. Science, 113(3454):698- $\overline{69}9.$ 1961. Unilateral implantation in the Uganda kob. Nature, 190 $\overline{(4777)}$:738-739. 1963. Territoriality as a behavioral adaptation to environment in Uganda kob. Proc. VI International Congress of Zoology, Vol. 3, pp. 59-, Buss, I.O., Longhurst, W.M., and Brooks, A.C. 1963. Numbers and migration of elephants in Murchison Falls National Park, Uganda, Jour. Wildlife Management, 27:36-53. Schloeth, Robert. 1965. Ceremonial mating behavior in Uganda kob (Adenota kob thomasi Neumann). Zeitschrift für Tierpshychologie, 22(2):209-225. , Morrison, John A. and Leuthold, Walter. 1966. Reproduction in Uganda kob with special reference to behavior. In Rowlands, I.W., editor. Comparative Biology of Reproduction in Mammals. Symposia of the Zoological Society of London, Number 15, pp. 69-88. Academic Press, N.Y. (Abstract--1965. J. Reprod. Fertil., 9:366-367.)

	*
Felow	ted Bibliography - (Co-Principal Inventigator is sather of over
	70 technical and professional settleton)
	. 1944. The range vegetation of Korr County, Tenns, in relation to livestock and white-tailed door, Amer. Hidl. Sat., 31:997-143.
	. 1990 Life history, coolegy and range use of the promphers in Trems-Perox Trams. Amort. Midl. Mar., 43:357-354. (Goardwad Gwonge Mercer Award of the Boological Society of Amorica).
	Sources, Carl V. 1953. Increased satality resulting from lowered population donativy among sik in scathastorn Washington. Trans. N. Amer. Mililife Conf. 20:580-567.
	. 1960 The bighers shoop in the United States, its past, present, and fature. Middlife Mesagraphs No. A. 174 pp. (Desert of the Middlife Society for best publication in terrestrial escaling; in 1960.)
	1961. Negulation of numbers of prosphorm antelops in relation to land use. Le Terre et la Wie, 2:256-285.
-	Dustins, H.C. 1961. Vegetation charge induced by elephants and fire in Murchison Falls Sational Park, Ugasda. Boology, 42(6): 732-766.
	1961. Territerial behavior in Uganda kob. Science, 113(3434):
_	. 1961. Unilateral implantation in the Uganda hob. Nature, 190 (4777):738-739.
_	1963. Territoriality as a behavioral adaptation to environment is Uponda bat. Proc. II International Congress of Zoology, Vol. 1, pp. 59-61.
15/17	Bans, I.O., longhurst, W.H., and Brooks, A.C. 1963. Sumbers and migretice of elephants in Murchises Falls Sational Fark, Upanda, Journ Mildlife Mesagement, 37:18-33.
	Schloech, Robert. 1865. Coremontal mating behavior to Ugonda keŭ/ (Adenota kob thomasi Semmonn). Zettachrift fur Tierpsychologie, 22(2):126-225.
	Horrises, John A. and Louthold, Walter. 1996. Reproduction in Quanda hab with special reference to behavior. In Seviende, I.W., addizer. Comparative Stology of Septimental in Hemmio. Supersia of the Ecological Sectory of London, Sunber 15, pp. 69-68. Academic Press, S.T. (Abstract-1965. J. Reprod. Fertil., 9:366-387.)

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities. Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
